## The SmartCard Parking System

### What You Need to Know

- You may only purchase minutes for a SmartCard in \$1.00 increments.
- SmartCards and minutes may be purchased using the following credit cards:  
Visa, Mastercard, Debit Cards
- SmartCards only function in City of Charleston parking meters.
- SmartCards are not accepted in parking garages.
- You may only park in a metered space for the maximum allotted time indicated on the meter. To remain in that space beyond the allotted time is unlawful, regardless of whether the meter has been paid for additional time. "Meter feeding," the practice of continually paying a meter to extend parking time beyond the maximum allotted time, is not allowed.
- Payment of meters for on-street parking is enforced Mon-Sat from 9AM-6PM.
- Payment of meters in off-street parking lots is enforced Mon-Sat from 8AM-6PM.  
(Exception: The Garden Theatre Lot)

**Disclaimer: The City of Charleston is not liable to provide either refunds or other compensation for SmartCards which are lost, stolen, or damaged.**
